**Subject:-**

Extension of the system of levying fees for Medical treatment in hospitals and dispensaries.

---

Y

In his letter No. C. 2405-1 dated 4th May 1921 the Senior Surgeon recommended the levy of fees in the Government Medical Institutions in the Kolar Gold Fields area, as in point of equipment and facilities - available to patients, the medical institutions on the fields are quite up to the standard of the institutions in the Cities of Bangalore and Mysore and as the class of people that will be subjected to pay will be the liberally paid employees of the Mines, business men making large profits and Government Officers drawing special allowances.

Page 3 of Office Notes

E

2. When the file came up to me, I recorded the following opinion:-

"Under the Government Order the system of levy of fees was introduced in the Cities of Mysore and Bangalore only. I do not see any reason why the system should not be extended to the whole State".

-do- do-

3. The First Member of Council observed that if the system is to be continued in the Medical Institutions in Bangalore and Mysore, there is no reason why it should not be followed in similar institutions - situated in the Kolar Gold Fields area.

Page 4 of -do-

4. The matter was considered at a meeting of the Council held on 7th July 1921 and the Members are of opinion that the system of levy of fees in Bangalore and Mysore Cities may be made permanent and that it may also be extended to the Kolar Gold Fields.

The opinion of the Council may be graciously approved.

BANGALORE

No C 24050/1

Office of the Senior Surgeon in Mysore,

Bangalore, dated, 4th May 1921.

From

The Senior Surgeon in Mysore,

Bangalore.

To

The Secretary to Government

of His Highness the Maharaja of Mysore,

Revenue Department, Bangalore.

Sir,

It has come to my notice that Mrs. L.H. Rozario Lady Apothecary in charge of the Maternity Hospital, Robertsonpet, received donations to the extent of - Rs 186-9-0 from certain members of the European, Anglo-Indian and other communities who received treatment in the special wards of the hospital and at the desire of the donors purchased articles of bedding and clothing for the wards of the hospital. The acceptance of money gifts from patients and the utilization thereof in purchasing articles for hospital use or otherwise, without the sanction of the proper authority was highly objectionable and this has been communicated to the Lady Apothecary.

In view of the fact that the collections have been spent for the benefit of the patients of the hospital amd that the professional work of the lady apothecary has been very good, I am inclined to overlook the irregularity and to let her off with a warning.

Although the collections were unauthorised as stated above, yet the information collected by the District Medical Officer in the matter goes to show beyond doubt that the contributions were mostly voluntary and that the class of patients from whom the money came has been accustomed to the practice of payment for medical

treatment and it seems to me that the situation may well be taken advantage of by authorising the levy of fees in the Government Medical Institutions on the Kolar Gold Fields area by extending thereto the operation of the rules issued under Government Order No. 7332-72-Med. 89-06-57, dated, 24th Feb. 1910 as modified by G.O. 571-621-Med. 83-15-9, dated 18th July 1916.

In point of equipment and the facilities available to patients, the Medical institutions on the Fields are quite up to the standard of the institutions in the cities of Bangalore and Mysore, and the class of people that will be subjected to payment will consist of libegally paid emplo yees of the mines or business men making large profits or Government Officers who also receive special allowances in view of costliness of the place

Should the proposal be acceptable to Government, I shall, if necessary, have the matter considered by the Sanitary Board, Kolar Gold Fields.

I have the honour to be,

Sir,

Your most obedient servant,

K.S. Rangachari

Offg. Senior Surgeon.
